ABOUT ME

Hi, I'm Albea. I am a Web and Application Developer and UI/UX Designer passionate about building digital solutions that balance functionality and aesthetics. I combine creative design thinking with clean, optimized code to create user-friendly websites and applications that deliver engaging and effective experiences.

EDUCATION

2023-Present	Bachelor of Science in Information Technology
Davao del Norte State College	Currently pursuing a Bachelor of Science in Information Technology at Davao del Norte State College (2023–Present). Passionate about web and application development, UI/UX design, and creating interactive 3D learning experiences. Continuously expanding my skills through academic projects and hands-on development using modern technologies.

EXPERIENCE

2025-2026	Administrative Aide I
Office of the City Administrator	Assisted the Office of the City Administrator in handling and encoding cheque records, organizing and maintaining office documents, ensuring accurate record-keeping, and performing administrative tasks that contributed to the efficient operation of the office.
2024-2025	Administrative Aide I
City Treasurer's Office	Supported daily office operations by handling administrative tasks, maintaining accurate data records, organizing documents, and assisting staff to ensure efficient workflow.
